# STRESSED OUT OVER EMV/CHIP CARD UPGRADES?

Exorbitant expenses and stress associated with upgrading your Point of Sale (POS) devices for EMV card acceptance can really make a negative impact on your business. That's why Payment Alliance International (PAI) has created a free EMV kit installation program that should help relieve the pressures and pain involved with upgrading your ATM equipment.

## You'll receive\*:

- Discounts on ATM EMV kits
- Free installation for ATM EMV kits and software upgrades
- Guaranteed best pricing on ATM equipment

Act now or you could be missing out on lost revenue! Ask us how switching to this program can help cover upgrade costs through additional value-added revenue generating offerings.
